What if you could have a single connection to lab results, radiology reports, and hospital documents directly within your EHR?

By connecting over 120 hospitals in its network, and building the interfaces with each hospital, IHIE standardized the way patient information is presented and received across an entire state. Today, you can join over 50,000 providers by using Docs4Docs in a fully encrypted secure portal. No additional VPN login required.

Email us at info@ihie.org today, and we can meet with you to discuss your Docs4Docs options.
